

KOMAJA'S WINTER SCHOOL

28th DECEMBER 2008 to 4th JANUARY 2009

DREAM – VISION – REALITY

In the ancient East dreams were considered a revelation from the Gods. The form of the dream revealed the unconscious according to the teaching of deep psychology. The philosopher E. Junger wrote: in dreams men “ in one moment see the beautiful carpet of the world with all its magical figures”.

In any case - dreams are messages from subtler dimensions of our being, the intensity of which sometimes forces us to ask: was that only dream or was it real? The interpretation of dreams has an important place in the study of the soul and the world not only in the life of our uncivilised ancestors but also in modern psychology. During this *Winter School* we will learn to use our dreams for our self-realisation and success in life under the guidance of the international spiritual teacher A. A. Makaja.
